Dear Dr. Seitz:

Thank you and the Council on Naturopathic Medical Education assessment team for the very professional and insightful assessment of the naturopathic program at the Canadian College of Naturopathic Medicine.

As I noted upon my initial review of the report, I am very impressed with the many helpful suggestions contained throughout the report. My challenge will be to make sure that during these challenging times of the pandemic, we do not forget to focus in detail on the suggestions that have been rendered. I will schedule a management session in late May to ensure we do so.

I found the team to be considerate, perceptive, dedicated, and hardworking. You assembled an extremely strong team for the visit, and I am very appreciative.

All the best; stay safe.

Sincerely,

Bob Bernhardt PhD
President and CEO
