Subject: draft NCNM self-study report; evaluation team members

Dear Laurie, Melanie and Andrea,

CNME president Dr. Lance Blackshaw and I had a chance to review the NCNM draft self-study report. We both agreed that the draft report was responsive and comprehensive as regards CNME standards and policies, and in conformance with CNME's content and formatting requirements. We appreciated that the report was also well-written. This means that the Council requires no further work on the report. However, we ask that FY 2014 audited financial report be made available to the CNME evaluation team prior to the visit in November 2014.

Dr. Blackshaw and I have appointed the following individuals to serve on the CNME evaluation team:

- * Lance Blackshaw, PhD (CNME board president and public member)
- * Christina Woolard, ND (CNME profession member and currently a practitioner; formerly assoc. dean for clinical affairs at U. of Bridgeport College of Nat. Med.)
- * Nick Degroot, ND (dean at CCNM)
- * Beth Pimentel, ND (currently a practitioner; formerly dean for UBCNM)
- * Arianna Staruch, ND (assoc. dean of academics at Bastyr and faculty member)

Please let me know at your earliest convenience if you believe that any of the individuals we've appointed to serve on the team have a conflict of interest that would necessitate removing them (I checked into this pretty carefully, but want to make sure I didn't miss anything). Thank you.

Please contact me if you have any questions.

Regards,
Dan
