

**ANNUAL REPORT REVIEW ASSIGNMENTS
MAY 2022 COUNCIL MEETING**

Annual Report Review Assignments

The following are the annual report review assignments for the 2021 annual reports submitted by CNME-accredited ND programs. Electronic copies of the annual reports and related materials are in the Board-only section (“Board Portal”) of the CNME website; Dr. Manto will provide the link. The lead reviewer is responsible for (i) presenting the report at the meeting, and (ii) filling out and submitting the “Annual Report Review Form” for the program. The secondary reader confers with the primary reader to decide on any recommendations to the CNME board regarding action based on the report. Dr. Seitz is available to answer any questions or to discuss any concerns of the review team.

If, in reviewing an annual, a review team needs additional information or documentation to conduct a thorough review of the report, the team should contact Dr. Seitz, who will contact the program on the team’s behalf. In some cases, it may be useful or necessary to arrange for a program representative to be available to speak with the Board by telephone to address questions or issues presented by a report; the team should confer with Dr. Seitz on whether to invite a program representative to attend.

- **Bastyr University** – Dr. Alexander, lead reviewer; Dr Tebb, secondary reviewer
- **Canadian College of Naturopathic Medicine** – Dr. Olehausen, lead reviewer; Dr. Stretch, secondary reviewer
