

**INFORMATION ON RESULTS OF
FEBRUARY 2022 NPLEX ADMINISTRATION
CONFIDENTIAL for Use by Regulatory Authorities Only - Not for Publication**

Part I - Biomedical Science Examination (200 items)

Reliability (internal consistency) = 0.94 (range 0.0-1.0)

BSE Passing percentages

72 First Time Takers: 47% passed

109 Retakers: 31% passed

181 Total Takers: 36% passed

BSE scores are not sent to regulatory authorities until the CCSE is taken, therefore break out statistics by jurisdiction are not available.

Part II - Core Clinical Science Examination (400 items)

Reliability (internal consistency) = 0.90 (range 0.0-1.0)

CCSE Passing percentages

70 First Time Takers: 71% passed

63 Retakers: 68% passed

133 Total Takers: 70% passed

Jurisdiction	# FTTs	% Passed	# Retakers	% Passed	Total	% Passed
TOTAL	70	71%	63	68%	133	70%
None specified	7	57%	5	40%	12	50%
Canada: BC	7	88%	5	100%	12	92%
US: AZ	17	82%	6	67%	23	78%
US: CA	8	75%	12	83%	20	80%
US: MN	3	67%	1	0%	4	75%
US: OR	5	100%	6	67%	11	82%
US: PR	5	20%	6	50%	11	36%
US: WA	6	67%	15	53%	21	57%
OTHER*	12	67%	7	86%	19	74%

*AB, AK, CT, DC, KS, MD, ME, MT, NM, and VT all had fewer than 4 examinees, so those jurisdictions are reported together to protect the confidentiality of the passing status of individuals.

Part II - Elective Examinations passing percentages

Elective Examination	# FTTs	% Passed	# Retakers	% Passed	Total	% Passed
Acupuncture	26	77%	4	75%	30	77%
Minor Surgery	51	82%	27	63%	78	76%
Parenteral Medicine	22	95%	0		22	95%
Pharmacology	51	69%	15	47%	66	67%

February 2022 was the first administration of the Parenteral Medicine Elective Examination, therefore there were no examinees who were retaking the exam.
